14.09.07 Norilsk Nickel Ready to Challenge the Decision of Rosprirodnadzor

MOSCOW, September 14. /FIS/. GMK Norilsk Nickel refuses to accept the accusations of Rosprirodnadzor. The company has prepared and submitted to the agency its reasoned objections noting that at present Norilsk Nickel is implementing a large-scale program aiming to reduce the environmental impact of its production activities worth of EURO 1 billion. The company's lawyers say that the agency is to work hard to prove the fact of caused environmental harm and the amount of compensations.
